BJBE Early Childhood Program at the Chava Center

We foster a vibrant and innovative Jewish community where child-focused exploration, creativity and collaboration inspire our activities and our curriculum.

An integral part of the nationally respected
BJBE education program

WE CULTIVATE A STRONG JEWISH IDENTITY

Our developmental curriculum emphasizes Jewish values.

We seamlessly weave joyful Judaism into every aspect of our school program.

Our community experiences and enjoys Jewish rituals, celebrations, and customs.

We provide authentic opportunities for family participation at Shabbat, Jewish holidays and other social programs.

Each week we gather at Shabbat to sing, hear stories and say the blessings with our involved clergy.

Our safe, nurturing and stimulating environment is thoughtfully designed to facilitate social, emotional, physical, intellectual and Judaic growth and development.

Our developmentally appropriate practice values the importance of play.

Our curriculum is inspired by the Reggio Emilia approach to early childhood education, providing opportunities for young children and their teachers to question, explore, examine and discover their world.

Our professional staff of lifelong learners structure learning opportunities based on research and best practices in early childhood education.

We believe in a partnership with individual families, creating personalized experiences to best meet the unique needs of each child. Families are valued, with options for attendance scheduling.

On-site enrichment opportunities deepen children's explorations.

LAYING THE FOUNDATION FOR EACH CHILD TO DEVELOP LIFELONG SKILLS AS A LEARNER: respect for others, cultivating curiosity, perseverance, independence, self-confidence, question and explore, gratitude.
