

EDUCATION & SCREENING PROGRAM

**EAT RIGHT.
EXERCISE.
GET SCREENED.**

www.jewishgenetics.org @jewishgenetics /JewishGenetics

One step for you, your family, your future. One leap for the Jewish community. With a simple blood test, you can learn your risks and understand your options.

MONDAY, OCTOBER 7, 2013

Anshe Emet • 3751 N. Broadway, Chicago

TUESDAY, DECEMBER 10, 2013

Temple Sholom • 3480 N. Lake Shore Drive, Chicago

Did you know that 1 in 4 Jews is a carrier for a genetic disorder?

Carriers are generally healthy, but their children may be at risk for a life-shortening disease.

Knowledge is power, and a simple blood test can help you take charge.

Genetic counselors from the Ann & Robert H. Lurie Children's Hospital of Chicago will be available to address both general and personal questions. Hospital staff will take samples for screening. *(Results are confidential.)*

Program fee: \$180 per person. **These tests usually cost more than \$4,000!**

For alternative payment options, please contact the Center.

The program begins at 6:30 p.m. and includes dinner, an educational presentation and genetic screening for 19 disorders. Visit www.jewishgenetics.org/disorders for the full list of disorders.

Pre-registration required. Space may be limited.

Contact Taryn Gluskin at (312) 357-4988 or TarynGluskin@juf.org to sign up.
