We're Making Kreplach!

Rosh Hashanna is around the corner. Make kreplachs for your family and friends - make memories for generations to come. You'll get the tools, ingredients and instructions to make your own kreplachs from start to finish. And when those darlin' dumplings are ready for the heat, we'll pop 'em in a hot pot of chicken soup and ladle you out a bowl of chicken kreplach soup served with a slice of homade challah straight from the oven. Yummy!
